How does P+R work?

1 Coming to Amsterdam by car?

Park at one of the P+R locations on the A10 or A2.

Check P+R opening hours before travelling at www.iamsterdam.com/parkandride and follow us on Twitter @020DIVV

2 At the P+R entrance

You will get a parking ticket and the barrier will open.

Do not use your credit card to enter!

3 Do you already have an OV-chipkaart (public transport chip card)?

Then use your own OV-chipkaart.

Do you not yet have an OV-chipkaart?

You can buy your P+R GVB card(s) at the blue machine. This is a ticket for a journey to the city centre and back.

4 Travel further to the city centre

Check in with the P+R GVB card, or your own OV-chipkaart, in GVB bus, tram or metro to travel to the city centre. Don't forget to check out with your card before visiting the city.

You will need to use your own OV-chipkaart for the discounted P+R rate if traveling by NS Dutch Railways or Connexxion service.

Avoid disappointment: To be eligible for the discounted P+R parking rate you must check in at a public transport stop in the city centre zone when traveling back to your P+R location. The P+R information placards at your P+R location show which public transport stops are located in this zone. Further information can be found at www.iamsterdam.com/parkandride

5 Travel back to your P+R

Use your P+R GVB card or your own OV-chipkaart to check in at a public transport stop in the city centre zone. Travel back to the P+R location where your car is parked. Do not forget to check out!

Travelling by night bus?
Buy a ticket from the driver.

6 Paying for P+R parking

Insert your parking ticket and then scan your public transport chip card at the P+R payment machine. The machine will check whether your last check-in was in the city centre zone. Only then you will be entitled to the discounted parking rate. Follow the payment instructions on the machine.
